

SPRINGFIELD'S RACE WAR IS LESS SERIOUS

Governor Deenen Has Issued Orders for Two Regiments of State Militia to Return to Their Homes.

(By Associated Press.)

SPRINGFIELD, Aug. 18.—While a new special grand jury empanelled today was hearing witnesses in the riot cases and citizens were holding a meeting to stop antagonism between the whites and blacks, already responsible for seven deaths and a score of injured, the miners struck underground. The miners in the Woodside mine, nine miles out of town, and the Tuxhorn, four miles distant, refused to work with negroes. The two mines employ about 500 men, 150 of whom are negroes. President Clark of the miners' union said both mines will be working full handed tomorrow or next day. The trouble has been referred to the examining board.

At a meeting held under the auspices of the chamber of commerce resolutions were adopted for the protection of citizens regardless of race or color.

Satisfaction was expressed by the citizens and local newspapers at the personnel of the grand jury, which was sent by Judge Creighton to listen to evidence Saturday afternoon. Not only will the jury take up the cases and incidents of the riots, but will consider the cause of the assault which precipitated the disorder and bloodshed. Mrs. Mabel Hallam, in this connection, identified George Richardson, a negro, but she was not

absolutely certain that her identification was correct. The negro protests his innocence. Troops are still guarding the city. The only violence reported during the day was by a crowd of white men and boys, who set upon a negro and beat him severely on North Eighth street.

RACE TROUBLE IN THE SOUTH

MEMPHIS, Tenn., Aug. 18.—Serious trouble is brewing at Truman, Poinsett county, Arkansas, over the race issue, and Governor Pindall has been asked to send troops to avert bloodshed. The Springfield Lumber company imported twelve negroes to work in their saw mill and last night several white men took the law into their hands, declaring that no negroes should live in the country.

The camp where the negroes were housed was visited and they at once fled the country. The negroes were not molested beyond a warning to depart from the country. Not a shot was fired. It is not believed that negroes can be brought back to work in the saw mills unless Governor Pindall orders out the troops and this action is not looked for by the citizens.

SPRINGFIELD, Aug. 18.—That the race war situation here is considered much less serious was evidenced tonight when Governor Deenen issued orders for the return of the First and Fourth Infantry regiments to take trains for their homes tomorrow. There were the usual baseless alarms to night, but up to midnight nothing of a serious nature had occurred.

NEGRO PORTERS IN DEADLY FEAR

(By Associated Press.)
CHICAGO, Aug. 18.—Negro porters in Chicago employed on the Alton and Illinois Central trains running through Springfield received the news of the race riots in that city with great consternation and it was only with difficulty that some of them were persuaded by threats and cajolery to start on their runs back from Chicago.

As the trains neared the scene of riots, it is reported, signs of panic became evident that there was a little need for advising the negroes to make themselves scarce. Ten miles out of Springfield they fled for cover, some crawling under seats, while others hid themselves in toilet rooms. One porter on an early morning train was found shivering under a pile of blankets in an unoccupied berth.

KETCHEL MAKES SHORT WORK OF JOE THOMAS

COMPARES ABILITY OF THE CANDIDATES

NEW SALEM, Ill., Aug. 18.—Congressman James Francis Burke of Pittsburg delivered an address at the "Republican day" celebration here yesterday on "The Powers of the President." In his address Burke said the American people can make no greater harm than to elect Bryan on the assumption that he can do no harm in an adverse senate. As between the legislative and executive departments of the government, the latter had infinitely greater power to rule and ruin than the former. Burke said both men possessed strong character. Taft has proven it on the bench, in the Philippines, Cuba and Panama, in the general councils of the cabinet and in a manner reflecting honor on his country. Bryan has proved it in the possession of political and partisan persistency rarely ever equalled in history.

SAN FRANCISCO, Aug. 18.—After about one minute and a half of fighting in the second round tonight, Stanley Ketchel of Montana put out Joe Thomas of this city with a shower of punches to the jaw and body. In the first round Ketchel sent Thomas to the mat for a count of seven with a fierce right-hander on the stomach. Soon after arising Thomas was again sent down with hard rights and lefts to body and jaw. The gong saved Thomas from going out in this round. When Thomas came up in the second round it was only a question of how long he could stand in front of Ketchel. The latter after a moment's sparring sent Thomas to the canvas for a count of eight. Thomas' head rested on the floor while he was on his knees. By a game effort he drew himself together and again faced Ketchel, only to be again knocked down, this time for a count of nine. The fight was fast and furious while it lasted. It was witnessed by a large crowd.
